Others present them to loved ones and friends as affordable gifts to commemorate birthdays, holidays, anniversaries and other special occasions. And the 2011 set is the perfect opportunity to begin, continue or renew your own journey in coin collecting!

The 2011 United States Mint Proof Set features all 14 U.S. circulating coins in stunning proof condition, displayed in three protective lenses containing:

- five quarters from the **United States Mint America the Beautiful Quarters® Program**
- four **Presidential \$1 Coins**
- the **Native American \$1 Coin**, **Kennedy half-dollar**, **Roosevelt dime**, **Jefferson five-cent** and **Lincoln one-cent coins**

Proof coins are the result of a minting process in which highly polished planchets and dies create stunning examples of American coinage. They represent the finest craftsmanship the United States Mint has to offer. Proof coins are struck more than once to highlight each design. They receive the highest quality strikes possible and are distinguished by their sharpness of detail and brilliant, mirror-like surface. Each coin features the "S" mint mark of the United States Mint at San Francisco on its obverse.

America the Beautiful Quarters Program

The 2011 quarters – the second set of five in the America the Beautiful Quarters Program – feature reverse designs honoring Gettysburg National Military Park in Pennsylvania, Glacier National Park in Montana, Olympic National Park in Washington, Vicksburg National Military Park in Mississippi and Chickasaw National Recreation Area in Oklahoma.

Native American \$1 Coin

The 2011 Native American \$1 Coin features the familiar image of Sacagawea on the obverse and an image of the hands of the Supreme Sachem Ousamequin Massasoit and Governor John Carver symbolically offering the ceremonial peace pipe on the reverse symbolizing the peace alliance created by the 1621 Wampanoag Treaty.

Lincoln One-Cent Coin

The 2011 Lincoln one-cent coin reverse depicts a union shield with a scroll draped across that is emblematic of Abraham Lincoln's preservation of the U.S. as a single and united country. This design was introduced in 2010.

Presidential \$1 Coins

The 2011 Presidential \$1 Coins feature dramatic portraits of Andrew Johnson, Ulysses S. Grant, Rutherford B. Hayes and James Garfield on the obverses and the Statue of Liberty on the reverses.

Created by Congress in 1792, the United States Mint is the Nation's sole manufacturer of legal tender coinage.

Its primary mission is to produce an adequate volume of circulating coinage for the Nation to conduct its trade and commerce. In addition to circulating coins, the United States Mint also produces proof, uncirculated and commemorative coins; Congressional Gold Medals; and gold, silver and platinum bullion coins.
